Overview

The mango Strategic Investment Advisory Panel (SIAP) convened a meeting at the Hort Innovation Brisbane office.

The objective of the meeting was for the SIAP to review the proposed Mango Marketing Plan, review the Tropical Fruit Export Strategy and to provide advice to Hort Innovation on new concepts. Prioritising the submitted concepts was an important step in the development of the mango industry.

Anyone seeking further information on Hort Innovation's mango R&D and marketing investments should note that a full list of projects, together with an overview of the program financials will be available on the mango webpage <https://horticulture.com.au/grower-focus/mango/> of the Hort Innovation website.

Next steps

The Mango SIAP has requested that the next face-to-face meeting be in Brisbane in July 2019.
